Our firm understands the intensity and complexity of the emotions that can be involved in family law cases, especially when children are involved. Divorce not only affects the individuals concerned but the family as a whole. Our firm is dedicated to protecting children who are caught in the middle. We understand the family unit must be dissolved with the same care and attention with which it was built.

Our firm's success lies in personal relationships. We understand that each client deserves individualized attention, and we take fewer clients to ensure this goal is met. In a time when law firms are focusing on monetary gains rather than the client, our firm is attempting to set the standard and bring the focus back to the client—as we have consistently done since the firm's inception. Our mission is

to provide unparalleled client service that includes personal and timely attention. The Law Offices of Laura M. Urbik Kern will never compromise on quality or capability. We are dedicated to providing the finest representation to our clients in all aspects of family law.
